Other ICCC Dual Credit/Project Early-Bird courses are available for students to take if prerequisites are met and the student's schedules allow. ICCC courses may/may not be offered due to course enrollment.

Please Note: Individual transportation may be needed for many of these ICCC classes.

Webster City High School tries to give students as many real life experiences as possible. With this in mind it is important that students get experiences in off campus environments such as the elementary schools, middle school, local nursing homes, day cares, businesses, and service organizations. It is virtually impossible for the district to transport all students to the different locations around the community, so it is common practice for students to transport themselves or ride with another student to various locations in town.

A WCHS Transportation Agreement/Permission form must be returned to the instructor prior to the first off campus activity.
